As a growing general contractor in the Baltimore area, our company brings experience and expertise to every construction project that we undertake. We offer general contracting services that encompass many aspects of construction, while also delivering high quality results. This capability statement highlights our core competencies, past performance, and the value that we bring to our clients. We invite you to engage our services for your next construction project and experience the difference Blueprint Construction can make.

### CORE COMPETENCIES

- **Project Management:** We excel at providing construction management for projects up to \$1,000,000 ensuring efficient coordination of all stakeholders, adhering to timelines, budgets, and successful project delivery.
- **Contract Administration:** Our team plans each project, considering all relevant factors such as budget, design specifications, regulatory requirements, and resource allocation.
- **Quality Control:** We prioritize quality at every stage of construction, implementing rigorous quality control measures to guarantee that the final product meets or exceeds industry standards and client expectations.
- **Subcontractor Coordination:** We have a network of reliable subcontractors, and our team effectively coordinates their activities to ensure smooth execution and timely completion of all project phases.
- **Health and Safety:** We maintain strict adherence to all safety regulations and implement safety protocols to protect workers, clients, and the public.
